

PRODUCT SELECTION

PEST MANAGEMENT

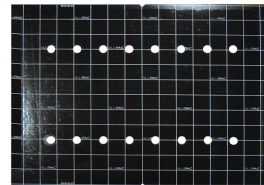

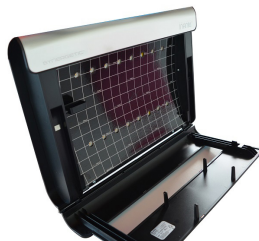

2020

Infiniti™

is the ultimate choice for a wide range of commercial applications, with additional benefits including the ultra slim profile and bottom loading glueboard which make the unit perfect for areas lacking in wall space.

- Glueboard access from the bottom for quick and easy servicing
- Low energy running costs
- Compact model for discretion and space restricted installations
- Quick tool free access gives simple access to consumables for easy maintenance
- High efficacy UV LED strips provide a 3 year effective life
- Designed for use with Glupac® glueboards with UV stabilizer
- Removable lure tray for liquid attractant

ANTS

Ants are a common enemy. Once ants venture inside the trap, they become stuck immediately and won't be able to get out. The trapped ants will die in a short period of time.

ORGANIC CLEANING FOAM

5502150
510 g

Organic cleaning foam that prevents the formation of plugs and controls odors in drains

Easy to apply and will adhere and treat areas not covered in water. Bio-Gen Foam is a bio-energized foaming drain cleaner combining the power of concentrated natural non-pathogenic bacteria in formula with citrus grease cutters and odour counteracting 'boosters'.

Safely and efficiently breaks down organics in all types of sink, trough and floor drains, garbage disposals, bar and fountain drains, ice-cream dipper well drains, ice machine drains as well as drip trays of all types.

Mhouse[®] Refillable Bait Station

Mhouse[®] is a domestic rodenticide

Each bag contains a reusable, lockable bait station and 12 blocs of 20g of chlorophacinone.

The lethal dose of chlorophacinone is the most effective of the active substances on the domestic market.

Do not hesitate to suggest Mhouse[®]

- Mhouse is not sold in big department stores
- Provides greater profit margin
- Suggested retail price: \$29.95

Chlorophacinone : 0.005%

Green Monkey™

Landfill **Biodegradable** 4 mil nitrile glove uses a unique formulation but maintains the same physical properties as regular nitrile.

Forest green, powder-free nitrile offers superior strength with excellent resistance to punctures and tears, chemically resistant to oils, solvents and grease.

9.5" rolled cuff prevents liquid from getting inside the glove and adds extra strength to the cuff.

Lightly textured pattern provides a sure-grip in oily and wet applications

Will fully degrade in 10 years in moderate landfill conditions compared to 200 years for regular disposable gloves.
